

Today the 25th of November 2021, the NPRC joins the nation and the rest of the world in commemorating the start of the 2021, 16 Days of Activism Against Gender-Based Violence campaign being held under the Theme: Orange the world: End violence against women now.

The NPRC will conduct its 2021, 16 Day of Activism Against Gender Based Violence commemorative event on the 9th of December 2021, a day which the NPRC will launch its Gender and Inclusion Policy and the Standard Operating Procedures for Handling and Supporting Victims of Conflict Related Gender Based Violence.

As we countdown and build momentum for the NPRC's commemorative event, through the NPRC social media sites and the mainstream media platforms, the NPRC perceives the 16 Days of GBV (25 November to 10 December 2021) as an opportunity to bring awareness on the NPRC mandate to address GBV, amplify the negative impact of violence on individuals and the society at large as well as influence behavior change among citizens.
