

Happy Africa Day.

The National Peace and Reconciliation Commission Chairperson, Vice Chairperson, Commissioners and staff, join His Excellency, President E.D. Mnangagwa, the nation and all Africans on the continent and in the Diaspora in commemorating the 59th anniversary of Africa Day. Founded to further the principles of unity, freedom and self determination, the African Union has made significant progress in fostering peace in the continent and individual nations.

The National Peace and Reconciliation Commission applauds the commitment by African nations to achieve 'The Africa that we want: Agenda 2063', one of whose key pillars is a peaceful, secure and stable continent. We thus urge all Zimbabweans to continue to promote and foster unity, mutual trust, tolerance and consensus as we make our contributions towards the continental and regional aspirations and in pursuit of our country's developmental goals as envisioned in our Vision 2030. We also kindly encourage Zimbabweans to respect and always uphold the spirit of ubuntu/hunhu.

The National Peace and Reconciliation Commission is happy to support this noble and salutary cause by creating an environment for a peaceful Zimbabwe for all generations.

Peace begins with me, peace begins with you, peace begins with all of us
